In addition for this category, personnel from appropriate finished intelligence production components (e.g., OSR, OSI, etc.) should participate in these briefings to ensure that these visitors will receive authoritative all-source answers to their substantive questions.

2. Please draft a guideline statement to implement these principles in a form suitable for your needs. The Deputy Director for Intelligence would like to review this statement and discuss it with General Carroll before it is issued.

EDWARD W. PROCTOR
Assistant Deputy Director for Intelligence
